

## Training Plan 15 - Months General Office with GED Assistance

### Program Information:

The order and length of time spent on each topic is subject to change. Some students take longer in some areas and a shorter time in others, depending on their abilities to master the content. The advantage of this program is that it works at the student's pace. All training is done using one-on-one instruction during a student's scheduled class time.

### Start Dates and Class Hours:

Office Careers has open-enrollment. Students may not initially get a preferred classtime. Available classtimes start between 8:00 am and 2:00 pm. Classes run Monday through Friday where training time is one to three-hours per day.

### MS Office:

Microsoft Office Suite of software is the workhorse of the business world. We use current releases so you can be familiar with the most current programs and qualify for better jobs. We teach Word, Excel, PowerPoint, Access and Outlook from beginning to advanced.

### Keyboarding/Ten Key:

Daily practice of keyboarding and occasional practice of 10-key using Mavis Beacon Teaches Typing. Typing goal: 35 wpm and 130 spm.

### Customer Service:

Learn to assist customers with inquiries and problems in frontline call centers, help desks, tele service centers, and online. Includes instruction in user interfaces and user behavior; principles of hardware and software systems operation; customer interaction skills; telephone and e-mailing skills; data entry; and database and Internet searching and retrieval.

### GED Preparation:

The students will prepare for the GED test by working through a computerized GED testing program. This will be supplemented by coursework over Basic English, math and reading skills. By the end of the program students should be familiar with GED testing, and know the basics of English grammar, spelling and math.

### Job Search:

This training service gives students real-life exposure and job experience using the new skills they have developed. Our practicums may be paid positions leading to full-time employment. Office Careers has used our Job Preparation Service to bridge the gap to having demonstrable skills to an employer. This important final step gives our clients confidence and competitiveness in the open job market. This is followed by creating resumes and cover letters, finding job leads, applying, and interviewing for work. Our students use their new skills and resources to complete the process.

### Cost:

\$17,250.00 Tuition - Excluding other fees listed, tuition is all-inclusive for \$1,150 per month. Tuition includes a specially configured laptop and devices described at the

### Laptops Provided by Office Careers:

#### Setup and Internet Access

Essential equipment to attend classes remotely or onsite is included in the cost of all training plans. When a student uses a laptop from their home, they will need to sign an ownership agreement. Students may not use their own computers for classes unless they sign a terms agreement with Office Careers that releases us from any damages or loss of data.

Laptops provided by Office Careers are pre-configured for on-line communication and remote access. We setup our laptops for students with no prior computer experience. We have backups and safety built in so that we can repair a computer without a home visit and limit the loss of class days due to any technical issues.

Computers supplied by Office Careers may include a secondary monitor (our modern-day paper stand), and a wireless keyboard/mouse to avoid using the laptops keyboard. We can provide ergonomic devices that are generally sold at office stores or easily configure for prescribed devices. If needed, Office Careers will arrange for Internet service that may include paying the student to keep internet service running in their home. Only in cases where a student will need Internet access via Satellite, may other fees be negotiated as an additional expense.
