

## Training Plan 15 - Months Medical Office, Medical Coder-Biller

### **Program Information:**

The order and length of time spent on each topic is subject to change. Some students take longer in some areas and a shorter time in others, depending on their abilities to master the content. The advantage of this program is that it works at the student's pace. All training is done using one-on-one instruction during a student's scheduled class time.

### **Start Dates and Class Hours:**

Office Careers has open-enrollment. Students may not initially get a preferred classtime. Available classtimes start between 8:00 am and 2:00 pm. Classes run Monday through Friday where training time is one to three-hours per day.

### **MS Office:**

Microsoft Office Suite of software is the workhorse of the business world. We use current releases so you can be familiar with the most current programs and qualify for better jobs. We teach Word, Excel, PowerPoint, Access and Outlook from beginning to advanced.

### **Keyboarding/Ten Key:**

Daily practice of keyboarding and occasional practice of 10-key using Mavis Beacon Teaches Typing. Typing goal: 35 wpm and 130 spm.

### **Customer Service:**

Learn to assist customers with inquiries and problems in frontline call centers, help desks, tele service centers, and online. Includes instruction in user interfaces and user behavior; principles of hardware and software systems operation; customer interaction skills; telephone and e-mailing skills; data entry; and database and Internet searching and retrieval.

### **Job Search:**

This training service gives students real-life exposure and job experience using the new skills they have developed. Our practicums may be paid positions leading to full-time employment. Office Careers has used our Job Preparation Service to bridge the gap to having demonstrable skills to an employer. This important final step gives our clients confidence and competitiveness in the open job market. This is followed by creating resumes and cover letters, finding job leads, applying, and interviewing for work. Our students use their new skills and resources to complete the process.

### **Medical Office, Billing and Coding:**

The Medical clerical course will teach the student basic medical terminology through daily quizzes. Upon completion of medical terminology, the student will learn the basics of CPT and ICD-10 coding using coding books and computerized coding programs. When the student has completed this s/he will learn the basics of medical billing by learning how to fill in HCVA-1500 forms on the computer. Upon completion of the course the student will know basic medical terminology, how to use a ICD-10 and CPT coding book and look up codes on the Internet, and be able to fill out a HVCA-1500 billing form accurately.

### Laptops Provided by Office Careers:

Setup and Internet Access

Essential equipment to attend classes remotely or onsite is included in the cost of all training plans. When a student uses a laptop from their home, they will need to sign an ownership agreement. Students may not use their own computers for classes unless they sign a terms agreement with Office Careers that releases us from any damages or loss of data.

Laptops provided by Office Careers are pre-configured for on-line communication and remote access. We setup our laptops for students with no prior computer experience. We have backups and safety built in so that we can repair a computer without a home visit and limit the loss of class days due to any technical issues.

Computers supplied by Office Careers may include a secondary monitor (our modern-day paper stand), and a wireless keyboard/mouse to avoid using the laptops keyboard. We can provide ergonomic devices that are generally sold at office stores or easily configure for prescribed devices. If needed, Office Careers will arrange for Internet service that may include paying the student to keep internet service running in their home. Only in cases where a student will need Internet access via Satellite, may other fees be negotiated as an additional expense.
